## THE ENTERTAINMENT INDUSTRY CAR CLUB **TMPCC.ORG**

Founded in 2009 by entertainment industry insiders, the Television Motion Picture Car Club (TMPCC) is the world's only car club for those who work in, have worked in or are affiliated with the television, motion picture, music, radio, sports and motorsports industries. The TMPCC is a great way to connect with old friends, make new ones and share your passion for the automobile. We are a private club and membership is by invitation. Candidates must be sponsored by a member in good standing before they are considered for membership.

From producers and directors, to actors, television and radio personalities, production managers, script supervisors, camera operators, grips, gaffers, editors, sound mixers, musicians, composers, picture car builders, stunt, precision and professional race car drivers, even Studio Presidents, this is a club like no other. The TMPCC is so unique, we have become one of the most publicized car clubs in the world, featured in newspapers and magazines, and on radio and television programs worldwide (a small sample is shown in the montage below).

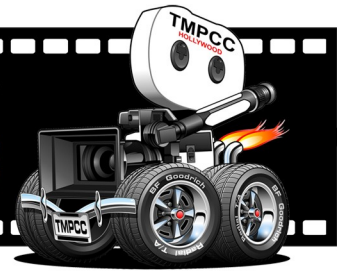

Whether you own a classic, custom, muscle car, sports car, motorcycle or daily driver, all vehicles are welcome. We host several *Private Members Only* events each year, but we also participate in public events that benefit various charities. Whether it's our *Private Studio Events*, *Members Meets*, *Cruises*, *Shop Tours* or *Movie Nights*, what sets us apart from other organizations is that all our *Private Members Only* events allow our celebrity members to attend functions without being harassed by gawkers, stalkers or the paparazzi.
